**POP-a-CORN - machines and popcorn**

Popcorn is an all time rage. Kettle units for on-site making of Salted/ Buttered popcorn. Warmer units for warm'n'crisp flavoured popcorn- cheese, caramel, tomato etc. Combo machines for maximising sales and increasing footfalls. BIG machines for malls, multiplexes, theatres, department stores, exhibitions, large companies etc. SMALL machines for smaller companies, smart shops, retail outlets. Either machines for a highly profitable and easy-to-manage Home Delivery Franchisee business.

**All machines in heavy duty, complete stainless steel construction, maximum popcorn display, well lit digital printout panels for total customer attraction and long-life satisfactory performance.**
